

## **Dept of Environmental Management Solid Waste Projects Update**

The following is a list of current and upcoming projects at our Solid Waste Transfer Stations and Baseyards. These projects address safety concerns, general repair and maintenance, environmental issues and Department of Health regulations.

All project dates may be subject to change without notice due to inclement weather or other unforeseen circumstances.

<b><u>Location of Project</u></b>	<b><u>Council District</u></b>	<b><u>Work being done</u></b>
Waimea Transfer Station	9	Repair litter fence – In Progress
Waimea Transfer Station	9	Repairs/enhancements – Awarded
Hilo Transfer Station	4	Installation of new gates and fence – In Progress

Contact Terin Gloor, Solid Waste Civil Engineer at 961-8058 if you have specific questions about any of these projects.
